## RULES FOR USING THE CERTIFICATE

For the purposes of placing the product on the market, this Certificate may be used within the period of its validity and provided the provisions of the regulations and requirements specified in the Construction Technical Certificate, according to which the product has been certificated, remain valid. If the normative documents applicable to the certificated product have changed or new normative documents have been issued, the usability of this Certificate must be reviewed.

This Certificate may only be used as a certificate for the product specified on Pages 1 and 2. This also applies to its use in advertising, promotional and commercial materials. This Certificate may be copied in its entirety without written consent of the Engineering Test Institute. Unauthorised or deceptive use of the Certificate may result in its withdrawal.

It is prohibited to change, amend or overwrite the data contained in the Certificate.

The Certificate may not be used for documenting the properties of the product changed without consent of the Engineering Test Institute in such a way that conformity with the Construction Technical Certificate has been affected.

Certification Body requires the holder of this Certificate to keep records of all the complaints and corrective actions relating to the products covered by this Certificate.
